Originally designed with the executive office in mind, the focus of 600 Series has always been classic details and elegant styling. Bowed desktop profiles, 1½” tops and work surfaces, curved modesty panels and fluted edges are some of the definitive style details standard in this series.

Having become a designer favourite, 600 Series embodies both classic styling and contemporary edge. The standard 1½” tops are an impressive design statement whatever the design concept ... give the “WOW” factor clients are looking for.
